COVID-19 Translated Resources Directory

This directory is a list of translated COVID-19 health education resources (fact sheets, flyers, posters, audio recordings, videos, etc.), organized in alphabetical order by language. The translated materials are from United States government entities, International non-government agencies, community based organizations, and selective countries outside the United States. This directory is not inclusive of all the translated materials available and will be updated on a regular basis. Any questions and/or comments related to this directory, including requests to have translated materials added, please contact the Washington Department of Social and Health Services, Office of Refugee and Immigrant Assistance – Refugee Health and Wellness Program Manager, Cathy Vue (vuec@dshs.wa.gov).
